

7th June, 2018:

→ Cells have been observed:-

↳ Healthy growth, with normal attachment.

↳ Almost 60% confluency \Rightarrow possible splitting tomorrow.

→ For the shelves without locks in the culture room, a support ticket has been generated online [#599477].

→ Materials from bio stores:

↳ Absolute ethanol - 1 bottle

↳ Soft tissue rolls - 2

↳ Levermed - 2 bottle

↳ Masks - 30.

↳ Follow-up expected from Kalpesh on ~~the~~ dust bins.

→ Plan for tomorrow-

↳ Possibly passaging and more stocks, this time of P7.

✕: ↳ Aliquots of pen-strep and trypsin-EDTA (0.25%)
